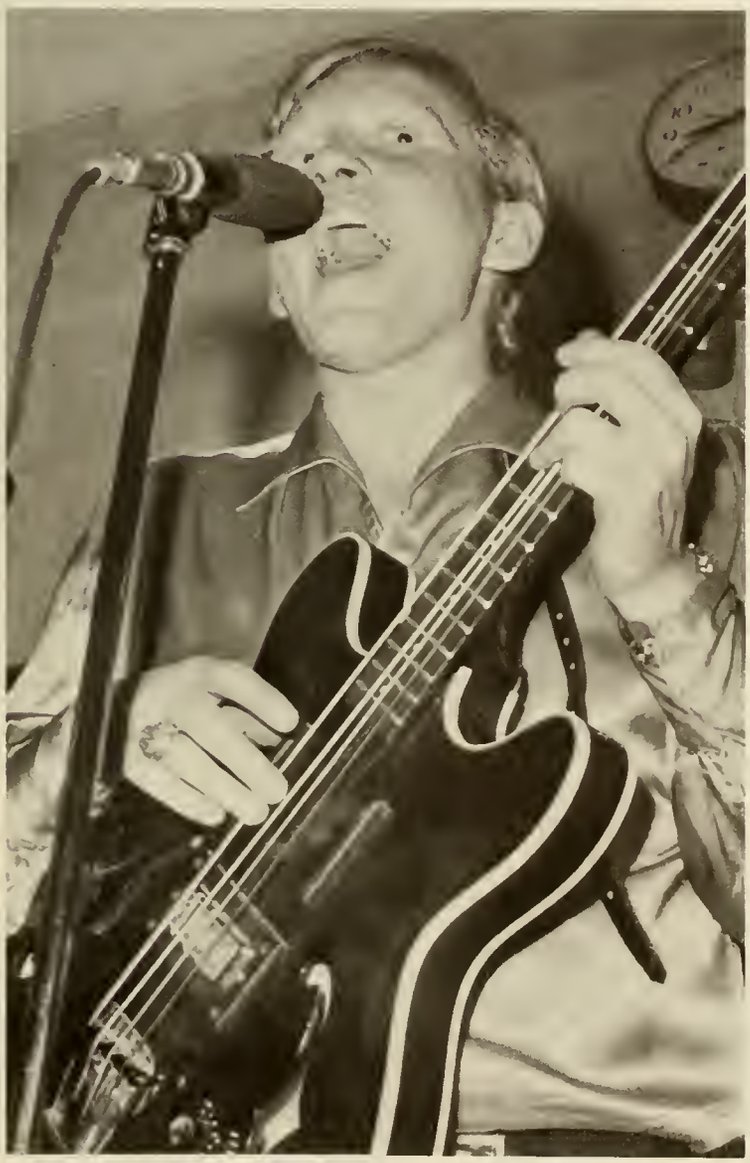
tense moments of academic toil and social encroachment must be released by diversified pleasures.



NEWS

faces of our times
are depicted by
individual interpretation

forms are the foundation
of a building,
however,
people shape and form
our college and its
many individuals.

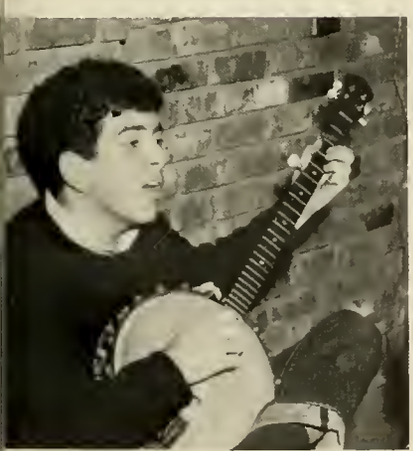
winter weekend

from a smoke filled room
came rock beats and
folk melodies . . .



cold trails were forgotten
as an indoor summer
appeared with its scant
finery and clear water . . .

leisure hours were
coupled with
food and good spirits . . .

movement, noise,
gyration to mod sounds
round out a successful
winter weekend.
